WHY ASK MEN TO BE CHRISTIAN?

Mr. Kennedy Delivers Opening dress at Methodist Church

"You cannot convert our world with theology' said Mr. Kennedy in his opening address at the Methodist church last evening, "The Church that wins men and women to Christ must be full of men and women who have the Christ life. Neither the fear of Hell nor the hope of Heaven, but only the evidence of reality on the part of His followers will ever turn the modern world to Christ."

"Men everywhere," said he, "are asking what is real in the Christian life, how it differs from merely being good. What can a live man get out of religion anyway? Why should on people who do not care about it? Why should I be a Christian?

"Such questions cannot be answered by repeating what the Church teaches. The world to which we are trying to sell the Christian life and program wants to see the goods fore it buys. Arguments count little. But real vital lives are answerable. We must show the

"THERE'S DEATH IN THE POT"

A Celebrated London Doctor Used the Above to Emphasize the Danger of Overeating. Worse Than Overeating is Failure to Eliminate Waste,

Nature could not devise a way to feed and repair the body without the production of considerable waste matter. But Nature provided for the regular, thorough elimination of such waste. To disregard her intention is to break a natural law.

Whether you help Nature by wise or foolish means is left to your own judgment. To simply force bowel movement is unwise, unnatural and ineffective. You can choose harsh, drastic, violently acting drugs or take such without caring what their action or effect is, or you can select some old time-proven, trial-tested remedy, that has been used for 70 years or more by thousands of people all over the world, with the result tion as a reliable household remedy. Take Beecham's for example. All the world knows Beecham's; a goodly part of the world uses Beecham's, had been using it for years, handing its use down from father from mother to daughter, for generation after generation, recommendng it to others. In spite of such extensive and general use, who ever heard complaint or criticism of Beecham's? That in itself is a nowerful recommendation.

Don't take anything for granted. Reason it out. All druggists sell Beecham's—are glad to sell them. Beecham's reputation has been made by its users not by its sellers.
